Projects

Time Table Website 🔗

HTML , CSS , JAVASCRIPT

- Created a **single-page website** for managing class meet links during online sessions.
- Implemented a user-friendly table format for easy viewing of the schedule.
- Incorporated **clickable class links** for effortless access to classes.

Technical Club's Website 🔗

React JS , Git , GitHub

- Contributed to the dynamic **React Vite app** for my college's club website.
- Elevated user experience by integrating captivating 3D models with a responsive design.
- Successfully deployed and maintained on GitHub.
- Collaborated with club partners to continuously improve functionality and user interface.

Portfolio Website

HTML , CSS , JAVASCRIPT

- Developed and designed a personal portfolio website showcasing **my projects and skills.**
- Created a user-friendly interface using HTML, CSS, and JavaScript.
- Implemented **responsive** design for optimal viewing on different devices.
- Incorporated multimedia elements and interactive features for enhanced engagement.
- Included a contact form and social media links for easy communication and networking.
- Regularly updated the website with new projects and skills.
